

RFID OEM Modul for EM and Hitag

The compact RFID module OEM can be universally used in all application. Because of the pluggable mounting different contactless technologies are possible.

Technical data:

- Dimensions: 40 x 45 x 9 mm
- Interfaces:
 - TTL
 - RS232
 - RS485
 - Wiegand D0/D1
 - Clock/data
- Available Technologies:
 - EM4102
 - Hitag1
 - Hitag2
- Antenna: wired external antenna
- Read distance:
 - Up to 100 mm
- Power supply:
 - 5V DC \pm 5%
- Duplicate read control
- Temperature range: -20°C bis +60°C
