

RFID OEM Modul for Mifare

The compact RFID module Mifare can be universally used in all application. Because of the pluggable mounting different contactless technologies are possible.

Technical data:

- Dimensions: 40 x 45 x 9 mm
- Interfaces:
 - TTL
 - RS232
 - RS485
 - Wiegand D0/D1
 - Clock/data
- Available Technologies:
 - EM4102
 - Hitag1
 - Hitag2
- Antenna: wired external antenna
- Read distance:
 - Up to 80 mm
- Power supply:
 - 5V DC \pm 5%
- Duplicate read control
- Temperature range: -20°C bis +60°C
